Every spirit has a story, and so does every distillery. We are excited to welcome
you as our guest for a tour of our small family owned and operated facility,
Ozark Distillery. On the tour you will experience an in-depth look at how we
make each of our hand crafted spirits.

Distillery tours are lead by Head Distiller Dave Huffman who will walk you through each step in the production process of our Corn Whiskey, Flavored Moonshines, Premium Vodka and see how our highly coveted Ozark Distillery Bourbon Whiskey is made. Tours can last from 45 minutes to one hour depending on your interest. At the conclusion of the tour enjoy a Complementary Tasting, a Cocktail, Pizza or Craft Beer from our brewery.
