

HOW TO RECEIVE SERVICE FROM MID-SOUTH LIONS SIGHT AND HEARING SERVICE

You will need to complete an application for service when sponsoring a patient to the Mid-South Lions Sight and Hearing Service. There are separate applications for sight and hearing, please use the appropriate application. The federal financial guidelines to qualify for our service are listed on the other side of this and must be strictly followed. Unless there are extenuating circumstances (there are very few exceptions such as medical bills or recent unemployment) patients whose income is greater than the guidelines cannot be considered for service.

Due to the increased cost of hearing aids, ALL hearing applications must be accompanied by a **\$250** check to cover the cost of one hearing aid. Hearing aids are limited to one per patient, per year unless two hearing aids are prescribed by our audiologist. The club must decide whether to fund two hearing aids (**\$500**) if so prescribed. If a hearing aid is not prescribed, the club has the option of a refund, holding it for their next hearing patient, or allowing Mid-South to keep the funds as a club contribution.

The main sight clinic is located on the 2nd floor of the Hamilton Eye Institute at 930 Madison Avenue in Memphis. Additional satellite clinics and specialty clinics (prosthetics, retinas) are located throughout the four-state area (see application for details). The Methodist hearing clinic is located on the Ground floor of the Tower at Methodist University Hospital, 1265 Union Avenue in Memphis. A second location for hearing is the Memphis Speech and Hearing Clinic at 807 Jefferson Ave in Memphis. And we have added another location for hearing at the Bella Vista Hearing Center, 22 Sugar Creek Center, Bella Vista, AR. The hospital and clinics require proof of current income, such as a copy of the patient's current income tax return or a copy of the patient's last paycheck or social security check. It is also important for you to make a copy of the application for your Club's records.

The interviewing Lion should meet with the patient and complete the form *totally*, then mail it to the Mid-South office. We will notify the patient and the interviewing Lion as to whether or not the patient has been approved for service, and if approved when and where their first appointment will be. It will be up to the patient and the interviewing Lion to arrange transportation. At this time there is a somewhat lengthy waiting period to get an appointment and/or surgery. Please be sure to include *all* the information requested on the form. *It is important that you fill out the form completely. Incomplete forms will cause unnecessary delays in processing of the application.* Please mail the application and applicable attachments to the Mid-South office, not the clinic. Faxing applications will not expedite the process. The patient's first visit to Mid-South is for evaluation purposes **ONLY**. Please do not expect surgery on the first visit. Also, after hours emergency service is not available through Mid-South Lions.

If you have a patient who needs urgent care please call the office directly at 888-LION-042 (888-546-6042). If we determine that it is indeed an emergency case and the patient qualifies for service, we will do everything we can to get the patient seen at one of our clinics as soon as possible.

Mid-South Lions Sight and Hearing Service depend on Lions Club contributions to continue providing "A Miracle A Day" to patients in your service area. Currently, Mid-South Lions suggested level of giving is at least \$25 per member, however a club contribution is not required to receive service and all contributions are welcome. Mid-South Lions Sight and Hearing Service appreciate your assistance and your continued financial support.

THANK YOU FOR YOUR CONTINUED SUPPORT!

- * For family units of more than 8 members, add \$80 for each additional member
- ** For family units of more than 8 members, add \$347 for each additional member
- *** For family units of more than 8 members, add \$4,160 for each additional member

Anyone making more than this is considered OVER SCALE by the United States government guidelines, which the hospital must follow. However, the Mid-South Lions Sight and Hearing Service staff examines each case on an individual basis. Barring extenuating circumstances, each Lions Club should see that these guidelines are met.

The hospital requires that all sponsored patients provide proof of their current income. This may be in the form of a current income tax return or a copy of the last payroll check or Social Security checks.

If the patient is a minor, they MUST be accompanied by one of the parents or a legal guardian.

The income requirement standards on this form are subject to change as government guidelines change.

Lions Club International Environmental Programs

Protect the Environment and be part of the Centennial Service Challenge Each April, Lions around the world to focus on Protecting Our Environment. Your club can get involved in the Centennial Service Challenge and celebrate Earth Day on April 22 by organizing special projects throughout the month that raise awareness and protect our planet. Ideas include planting trees, organizing a beach or roadside clean-up, establishing a recycling program, and hosting an environment-related seminar or workshop. Environmental projects are a great way to engage the entire community in hands-on volunteer work that makes a big impact. Start planning today for a greener tomorrow! - See more at:

Messages from the District Governors

District 26-M1

District Governor Don Beckham

Lions in District 26-M1 will host the 2015 Missouri State Convention. They send a special invitation to Lions all across the state to attend this event. A paper registration Form is included on page 5 of this publication. Please join us in May.

Houston Lions Club

Here is a note we received from a lady in Houston, Kind of makes you appreciate what the Lions is all about

I was a part-time cashier at a local store in Houston several years ago. I was having trouble seeing and was having trouble doing my job. I had no insurance or money to see an optometrist or buy glasses. One of my customers was a Lions Club member and I asked her if there was a way the Lions could help. She got me an application and submitted it to the club. I was scheduled for an appointment and Thanks to the Lions I received a new pair

of glasses. The story does not end here. After I received a new pair of glasses I noticed the brown spots on my legs that I could not see before. My friends told me I had to get them checked out and thankfully I took their advice. As it turned out the brown spots were a cancerous growth I was told that if left untreated they could have been fatal. Because of the Lions helping me get my glasses I discovered the cancer and received treatment to remove the growths. In short because the Lions Club and the glasses I received probably saved my life. I cannot think the Lions enough for not only giving me the gift of sight but a few more years to spend with my family. I will be forever grateful to the men and women of the Houston Lions Club.

House Springs Lions Club collected new/slightly used stuffed animals to hand out during the local Christmas Parade. Last year they handed out 900 stuffed animals. What a great community service project for a Lions Club to do.

District Governor Elect 26-M1

Don Shelhammer of the Houston Lions Club was elected District Governor of Missouri Lions District M-1 at last weekend's convention in Rolla. He is just the third member of the local club to receive the honor since it was chartered in 1940.

Shelhammer, who will begin his one-year term following the Lions Club International Convention in June, has been a member of the Houston Lions club since 1988. He joins James Brown from the 1950s and Elmer Murffin in the 1960s as the only District Governors from the Houston Lions Club.

JEFFERSON CITY HOST LIONS PARTICIPATE IN THE LIONS WORLD-WIDE WEEK OF SERVICE

Members of the JC Host Lions Club participated in the Lions World-Wide Week of Service this by volunteering 40 hours at the local Samaritan Center's food pantry. We packed grocery orders for 250 clients. Club President Pat Mills is actively encouraging club members to perform more service projects in addition to our regular fundraisers. Also in celebration of the birthday of our founder, Melvin Jones, the club held an induction of new members ceremony on Wednesday, January 14. PDG Lion Ron Jordan inducted four new members, Lions Ed Gray, Doug Shoemaker, Kurt Propst and Shalon Schonhardt.

JEFFERSON CITY HOST LIONS MEETING THE CHALLENGE

In response to our International President Lion Joe Preston's request to perform more service projects, the Jefferson City Host Lions Club is now working with The Food Bank for Central and Northeast Missouri in assembling food packets for their Buddy Backpack Program. Approximately, 56,000 students in the Food Bank's service area qualify for free and reduced-price school meals. For many of them, breakfast and lunch at school offer the only source of reliable nutrition and they are at risk of hunger over the weekend. To alleviate this risk, the Food Bank partners with elementary schools in 28 of the 32 counties it serves to provide Buddy Packs to school children. Buddy Packs are backpacks filled

with kid-friendly, nutritious food that students take home over the weekend or holiday periods to supplement their meals when there is not enough for them to eat at home. The program continues week after week throughout the school year to keep the growing youngsters happy and healthy.

Members of the Jefferson City Host Lions Club began packing these Buddy Packs on November 5th. We help pack these every other week on Wednesday evenings. To date we have assembled over 1550 Buddy Packs. It's a fun service project and rewarding in knowing that children will be provided nutritious supplements for growing healthy, strong, minds and bodies.

Let's Connect at the MD26 State Convention

Saving Sight will be in attendance at the State Convention on April 30th and May 1st. In addition to telling you about our sight-saving programs, we'd also like to introduce you to Seymour (pictured in the KidSight logo at left). Seymour is the new mascot of our KidSight vision screening program. At the State Convention, we will have Seymour car magnets for sale, with the proceeds supporting KidSight vision screenings in Missouri. So stop by our booth to say hello, make a donation in support of childhood vision screening, and you can take Seymour home with you.

Upcoming Events

Lions L.E.A.D. Weekend - May 15-16, 2015

Join Saving Sight for a weekend of Leadership, Education And Development at the Capitol Plaza Hotel in Jefferson City. All Missouri Lions are invited to attend Saturday's session from 8:30 - 3:30. Lions Clubs are encouraged to send a representative to participate.

Participants will learn about Saving Sight in a conference-style format on Saturday. After the weekend, you'll know more about Saving Sight's mission and programs (e.g., the eye bank, KidSight, eyeglass recycling, and volunteer opportunities), the people we serve, and how together we change lives by saving sight. Saving Sight will provide hospitality on Friday night

as well as breakfast and lunch on Saturday for all attendees. Your spouse or guest is welcome to attend—just add them as an attendee when you register. A block of rooms is being held for us at a special rate until April 15th. If you plan to attend, please register by Tuesday, May 5, 2015 to reserve your spot for L.E.A.D. weekend. To reserve your space today, please visit <https://lions-lead-2015.eventbrite.com>.

FY14-15 Board of Directors Meetings

All Lions are welcome to attend Saving Sight's quarterly board meetings, and Lions leaders are especially encouraged to attend. Save the date for the following board meetings. The March date will be held via conference call. Visit <https://www.saving-sight.org/content/board-meeting-spring-2015> or call 800-283-1982 x107 for details of how to join the call. The June meeting will be held at the Columbia office (404 Portland St., Columbia, MO 65201).

Lions Mission Clinics: Toluca City and Panama City

Want to help distribute recycled eyeglasses to people abroad who need them?

Saving Sight has collaborated with Lions leaders to coordinate two Lions Mission Clinics in 2015. In cooperation with Lions In Sight of California and Nevada, Saving Sight is pleased to announce the dates for this year's mission clinics in 2015.

1) For those who have never experienced an eyeglass mission clinic, we have been offered a trip to Toluca City, Mexico (about 50 miles from Mexico City). There is space for 6 technicians from May 21 -24. This is a two-day clinic and would require travel on Thursday the 21st and Sunday the 24th. On average, these clinics see around 400 people per day.

2) For those with mission clinic experience, there is a week-long experience available for 4 technicians to Panama City, Panama, September 5 – 12. This will be an intense experience, with more than 1,000 clients per day. Travel will occur on the 5th and the 12th. Screenings will occur on the 7th and 8th, and the 10th and

11th. Wednesday the 9th is an opportunity to sightsee and relax.

NOTE: Spaces will be filled on a first-come, first-served basis. At this point, we have sufficient volunteers for the Panama City clinic. If you would like to join the waiting list for that trip or sign up for the Toluca City clinic, please contact us at 800-283-1982 x107.

To sign up for a Lions Mission Clinic or to learn more, please contact Lion Jason Noland at 800-283-1982 x107 or jnoland@saving-sight.org.

Announcing the Eyeglass Recycling & Lions Volunteer Center

Eyeglass Recycling has been a signature project of Lions Clubs across the country for more than 70 years. Saving Sight supports the Lions in this cause by serving as a collection and distribution center for recycled eyeglasses, collecting approximately 60,000 pairs per year. Now we are reorganizing how we recycle eyeglasses in order to help more people in need, which will require major support from Lions.

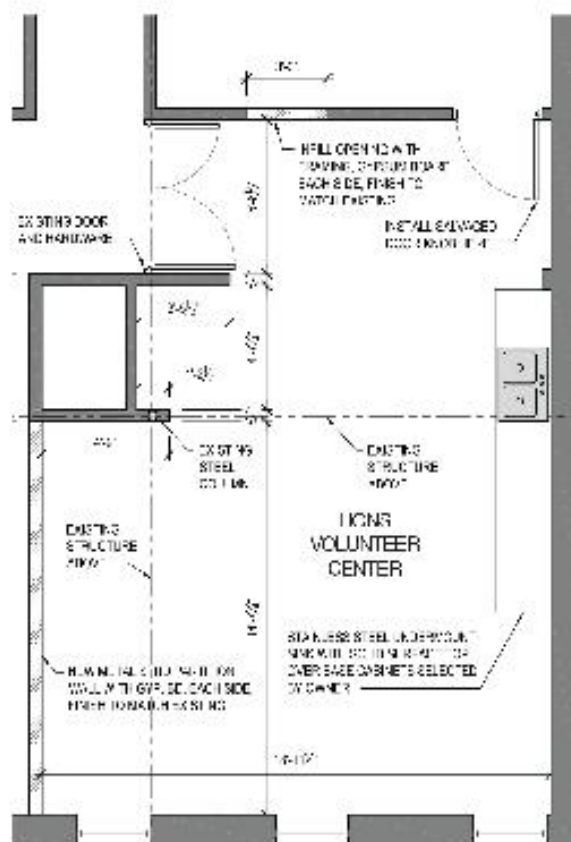

Space has been set aside within Saving Sight's walls in Columbia to build the Lions Volunteer Center (blueprints at right), where Lions and other community members can come and use state-of-the-art equipment to clean, photograph, and catalog eyeglasses for distribution. In addition, we will be better prepared to distribute specific prescription needs and styles in support of our annual mission clinics and new partnership with ReSpectacle. ReSpectacle is a nonprofit organization that uses the power of the Internet to allow people to order quality, used eyeglasses for free, both here in the U.S. and globally. Learn more at ReSpectacle.org.

With the blessing of the Council of Governors, we have appealed to Lions Clubs International Foundation for a matching grant to fund the construction, equipment, and other startup costs associated with the Eyeglass Recycling & Lions Volunteer Center.

We need your help to support this effort. So far, two Lions organizations have stepped forward to contribute a financial gift for the center. Please consider a tax-deductible contribution that will honor a legacy and our ongoing relationship of changing lives by saving sight.

All gifts will be recognized prominently in the naming and use of the Lions Volunteer Center, including a VIP reception to celebrate its opening.

Life Changed by KidSight

"As a PAT Educator and Title 1 Reading teacher, I know how important accurate vision can be," said Kristi from Archie, MO, whose son Rylan (pictured at left) was screened by KidSight and then referred to eye care. "Never would I have thought my own child would be the one who didn't pass the screening. My husband and I are thankful that we got this information before Rylan entered grade school. He hasn't lost any learning ground yet."
